

## Your Program Shouldn't Beg for Attention

### Expect more

You work hard to develop, market and grow a program that differentiates your agency. Work with Great American - a carrier with a specialty mindset for your specialty program.

### What's your specialty?

Elite Programs has a general liability focus with a multiline approach. We prefer classes within the retail, wholesale, manufacturing and service sectors. We will also consider many artisan/specialty contracting classes.

Within our acceptable industry sectors, we are typically interested in writing all lines – General Liability, Property, Package (CPP or BOP), Auto, Workers' Compensation, Inland Marine, Cyber Risk and Umbrella.

### What we're looking for

- Agents with proven subject matter expertise
- Seasoned books of business of at least \$3 million
- Access to data (4-5 years) to evaluate book performance
- Focus on general liability, but with multiline offering

### What's in it for you?

- Territorial exclusivity
- Opportunity to customize products and services
- Direct access to an A+ rated carrier
- Multiline solutions for your clients – General Liability, Property, Auto, Workers' Compensation, Umbrella, Cyber Risk and much more
- Ability to influence the “underwriting box”
- Differentiate the program through coverage and service “hooks”
- Dedicated/tailored services from Great American, including product development, underwriting, claims and loss prevention
- Captive risk sharing available but not required
- Traditional profit sharing available

### What we won't write

- “Wheels” programs
- Tough property programs, such as CAT or habitational
- General contractors or building trades
- Staffing
- Tier 1 workers' compensation concentration
