**OVERVIEW**

The Employee Retirement Income Security Act of 1974 requires plan fiduciaries to act prudently and solely in the interest of the plan's participants and beneficiaries. When a plan assigns investment responsibilities to the plan's participants and beneficiaries, plan fiduciaries must take steps to ensure that participants and beneficiaries are made aware of their rights and responsibilities with respect to managing their individual plan accounts and are provided sufficient information regarding the plan to make informed decisions about the management of their individual accounts. This information should include a description of designated investment alternatives, their performance history, and related fees and expenses.

This document provides information about The Commodore Spirit Variable Annuity Contract and the investment options available under the contract. The information in this document is intended to assist you in complying with your obligations. If you have any questions about this information or would like additional information, please contact us at 1-800-789-6771.

**LEGAL DISCLAIMERS**

We are providing the information in this document solely to assist you in complying with Labor Regulations Section 2550.404a-5. Annuity Investors Life Insurance Company is not a fiduciary of the plan. We are not making any representation that the information provided in this document or available at the AILIC website complies with the requirements of Labor Regulations Section 2550.404a-5. You should seek advice on how to comply with this Regulation from your legal counsel.

Annuity Investors Life Insurance Company is not an investment advisor and the information provided in this document is not investment advice. A participant or beneficiary should consult his/her investment professional for advice based on his/her personal circumstances and financial situation.

We relied on information provided by the registered investment companies (Portfolios) in which the Variable Account C subaccounts (Subaccounts) invest or on information included in the Portfolio prospectuses when we prepared the attached information and calculated the average annual total returns of the Subaccounts and the total operating expenses of the Subaccounts. We gathered the information about the benchmarks and their performance from the Portfolio prospectuses. We did not independently verify any information provided by the Portfolios or included in their prospectuses.

**ADDITIONAL INFORMATION**

**Glossary.** A sample glossary of investment-related terms is available at [www.ici.org/401k/11\\_401k\\_glos](http://www.ici.org/401k/11_401k_glos). It is intended to help participants and beneficiaries better understand their options.

## Part I. Performance Information: Table 1

The Commodore Spirit® variable annuity contract is issued by Annuity Investors Life Insurance Company® (AILIC). The Commodore Spirit offers both variable and fixed investment options. The variable investment options are subaccounts of Annuity Investors® Variable Account B (Subaccounts). Each Subaccount is invested in shares of a registered investment company or a portfolio of a registered investment company (Portfolios).

Table 1 contains information about the performance of the Subaccounts. It shows how the Subaccounts have performed over time and allows a participant or beneficiary to compare them with an appropriate benchmark for the same time periods. Benchmarks do not reflect deductions for fees or expenses of the Subaccounts or Portfolios.

Past performance does not guarantee how an investment option will perform in the future. An investment in a Subaccount could lose money.

### Additional Information Available on the Great American Insurance Annuity Group Website

- Information about the Subaccounts and the fees and the expenses of The Commodore Spirit is included in its prospectus. The Commodore Spirit prospectus is available at [www.gaig.com/annuities/pages/variable-compliance-docs.aspx](http://www.gaig.com/annuities/pages/variable-compliance-docs.aspx).
- Information about a Portfolio, including its objectives or goals, principal strategies and principal risks, portfolio turnover rate, and fees and expenses, is included in the Portfolio's prospectus. ## Notes to Table 1—Variable Return Investments

### General Note

Fund and portfolio names are as of May 1, 2018. The average annual total returns of a Subaccount reflect the performance of the corresponding underlying fund or portfolio. See the underlying fund and portfolio prospectuses for more information about benchmarks.

### Notes for Equity Subaccounts

**AIM Variable Insurance Funds (Invesco Variable Insurance Funds) - Invesco V.I. American Value Fund – Series I.** The returns shown prior to June 1, 2010 are those of the Class I shares of the predecessor fund, which are not offered by the Fund. The predecessor fund was advised by Morgan Stanley Investment Management Inc. The predecessor fund was reorganized into Series I shares of the Fund on June 1, 2010. Series I shares' returns will be different from the predecessor fund as they have different expenses.

**AIM Variable Insurance Funds (Invesco Variable Insurance Funds) - Invesco V.I. Comstock Fund - Series I.** The returns shown prior to June 1, 2010 are those of the Class I shares of the predecessor fund, which are not offered by the Fund. The predecessor fund was advised by Van Kampen Asset Management. The predecessor fund was reorganized into Series I shares of the Fund on June 1, 2010. Series I shares' returns will be different from the predecessor fund as they have different expenses.

**AIM Variable Insurance Funds (Invesco Variable Insurance Funds) - Invesco V.I. Diversified Dividend Fund - Series I.** The returns shown prior to June 1, 2010 are those of the Class X shares of the predecessor fund, which are not offered by the Fund. The predecessor fund was advised by Morgan Stanley Investment Advisors Inc. The predecessor fund was reorganized into Series I shares of the Fund on June 1, 2010. Series I shares' returns will be different from the predecessor fund as they have different expenses.

**AIM Variable Insurance Funds (Invesco Variable Insurance Funds) - Invesco V.I. Mid Cap Growth Fund - Series I.** The returns shown for periods prior to June 1, 2010 are those of the Class II shares of the predecessor fund, which included 12b-1 fees of 0.35% and are not offered by the Fund. The predecessor fund was advised by Van Kampen Asset Management. The predecessor fund was reorganized into Series I shares of the Fund on June 1, 2010. Series I shares' returns will be different from the predecessor fund as they have different expenses.

**The Dreyfus Sustainable U.S. Equity Portfolio, Inc.** The fund changed its investment objective and strategy on May 1, 2017. Prior to May 1, 2017, its investment objective was to provide capital growth, with current income as a secondary goal. To pursue these goals, until May 1, 2017, the fund, under normal circumstances, invested in the common stocks of companies that, in the opinion of the fund's management, met traditional investment standards and conducted their business in a manner that contributed to the enhancement of the quality of life in America. To determine whether a company contributed to the enhancement of the quality of life in America, the fund considered the company's record in the areas of (1) protection and improvement of the environment and the proper use of natural resources, (2) occupational health and safety, (3) consumer protection and product purity, and (4) equal employment opportunity. In addition, prior to May 1, 2017, investment decisions for the fund were made by members of the Active Equity Team of Mellon Capital Management Corporation, an affiliate of Dreyfus, who managed the fund as employees of Dreyfus.

**Janus Aspen Series—Janus Global Research Portfolio.** For certain periods, the Portfolio's performance reflects the effect of expense waivers. Without the effect of these expense waivers, the Portfolio's performance would have been lower.

**Janus Aspen Series—Janus Research Portfolio.** The Core Growth Index is an internally-calculated, hypothetical combination of unmanaged indices that combines total returns from the Russell 1000 Growth Index (50%) and the S&P 500 Index (50%).

### Notes for Fixed Income and Bond Subaccounts

**PIMCO Variable Insurance Trust—Real Return Portfolio and Total Return Portfolio.** The Portfolio's performance information reflects applicable fee waivers and/or expense limitations in effect during the periods presented. Absent such fee waivers and/or expense limitations, if any, performance would have been lower.

### Notes for Allocation Subaccounts

**ALPS Variable Investment Trust—Morningstar Balanced ETF Asset Allocation Portfolio, Morningstar Conservative ETF Asset Allocation Portfolio, Morningstar Growth ETF Asset Allocation Portfolio, and Morningstar Income and Growth ETF Asset Allocation Portfolio.** The BofAML Treasury 3 Month TR Index was recently acquired by the Intercontinental Exchange ("ICE"). Therefore, this Index is now named ICE BofAML Treasury 3 Month TR Index. The benchmark definitions and other disclosures relating to the Index remain unchanged.

**Calamos® Advisors Trust - Calamos® Growth and Income Portfolio.** Effective May 1, 2018, the Portfolio's primary benchmark is changed from the Value Line Convertible Index to the S&P 500 Index and the Portfolio's secondary index is the ICE BofA Merrill Lynch All U.S. Convertibles EX Mandatory Index.

**Janus Aspen Series—Janus Balanced Portfolio.** The Balanced Index is an internally-calculated, hypothetical combination of unmanaged indices that combines total returns from the S&P 500 Index (55%) and the Bloomberg Barclays U.S. Aggregate Bond Index (45%).

**Oppenheimer Variable Account Funds—Oppenheimer Conservative Balanced Fund/VA.** The Fund's Reference Index is a customized weighted index currently comprised of 65% of the Bloomberg Barclays U.S. Aggregate Bond Index and 35% of the Russell 3000 Index.

## Part I. Performance Information: Table 2

The Commodore Spirit® variable annuity contract is issued by Annuity Investors Life Insurance Company® (AILIC). The Commodore Spirit offers both variable and fixed investment options. The fixed investment options are part of AILIC's general account. Guarantees related to these fixed investment options are subject to AILIC's long-term financial strength and claims-paying ability.

Table 2 contains information about the rates of return of the fixed investment options, the term or length of time that a participant or beneficiary will earn a guaranteed rate of return for options with a guarantee period, and other information relevant to performance.

### Additional Information Available By Phone

- Guaranteed minimum interest rates and current interest rates applicable to the fixed investment options are available at 1-800-789-6771.
- Information about the interest rates applicable to funds already allocated to the fixed investment options by a participant or beneficiary is also available at 1-800-789-6771.

### Additional Information Available on the Great American Insurance Annuity Group Website

Information about the fixed investment options and the fees and expenses of The Commodore Spirit is included in its prospectus, which is available at [www.gaic.com/annuities/pages/variable-compliance-docs.aspx](http://www.gaic.com/annuities/pages/variable-compliance-docs.aspx).

## Part II. Fee and Expense Information. Table 3

Table 3 shows fee and expense information related to The Commodore Spirit. Table 3 shows the total annual operating expenses for the Subaccounts listed in Table 1. The total annual operating expenses of a Subaccount are expenses that reduce its rate of return. Total annual operating expenses of each Subaccount include: (1) the total annual operating expenses of the underlying Portfolio; (2) a mortality and expense risk charge of **1.25%**; and (3) an administration charge of **0.15%**. The fixed investment options do not incur any annual expenses.

Information about shareholder-type fees related to The Commodore Spirit is set out in the chart below Table 3. These fees are in addition to the total annual operating expenses of the Subaccounts. The Subaccounts, the Portfolios, and the fixed investment options do not charge any shareholder-type fees. A summary of restrictions and limitations that apply to purchase payments, allocations, transfers, withdrawals, and active trading is set out in the chart below Table 3.

The cumulative effect of fees and expenses can substantially reduce the growth of retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf>.

Fees and expenses are only one of many factors to consider when deciding to invest in an option. Participants and beneficiaries may also want to think about whether an investment in a particular option, along with their other investments, will help them to achieve their financial goals.

### Additional Information Available on the Great American Insurance Annuity Group Website

Information about a Portfolio's fees and expenses and restrictions related to active trading are included in the Portfolio's prospectus. Information about the fees and the expenses of The Commodore Spirit and restrictions and limitations related to purchases, allocations, transfers, withdrawals and active trading is included in its prospectus. **Shareholder-Type Fees (Fees Charged Directly Against Participant's or Beneficiary's Investment)**

<p><b>Contingent Deferred Sales Charge.</b> A contingent deferred sales charge (CDSC) may apply on partial or full surrenders. The charge does not apply to earnings. The CDSC is calculated separately for each purchase payment. The maximum CDSC is 7% of the purchase payment. See Table 4 for more information. These charges may be waived under certain circumstances.</p>	<p><b>Certificate Maintenance Fee.</b> An annual certificate maintenance fee of \$30 applies. This fee may be waived under certain circumstances.</p>	<p><b>Transfer Fee.</b> A transfer fee applies to each transfer in excess of 12 in any certificate year. The current transfer fee is \$25. This fee may be waived under certain circumstances.</p>	<p><b>Interest on Loans.</b> If loans are available under the contract and the participant borrows money under the loan provisions, AILIC will charge interest on the loan. AILIC currently charges 6% interest on loans. AILIC will charge a higher interest rate if the plan administrator directs AILIC to do so.</p>

<p>Active Trading Restrictions</p>	<p>If a participant's transfer events exceed 12 in one certificate year, AILIC will automatically require the participant to submit transfer requests via regular first-class U.S. mail and will not accept transfer requests from the participant that are sent by any other means.                  In addition, a Portfolio may impose restrictions on a participant account under policies designed to deter excessive trading, short-term market timing transactions, and other abusive trading practices. Additional information about these restrictions is set out in the Portfolio prospectuses.</p>

### Part III. Annuity Information: Table 4

Table 4 focuses on The Commodore Spirit annuity contract. Annuities are insurance contracts that allow the participant or beneficiary to receive a guaranteed stream of payment at regular intervals, usually beginning when the participant retires and lasting for his/her entire life or a fixed period he/she selects. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

#### Additional Information Available on the Great American Insurance Annuity Group Website

The Commodore Spirit prospectus includes information about: (1) its objectives or goals; (2) fees that will reduce account values; (3) guaranteed income payments, including any limitations on the right of participants or beneficiaries to receive such payments; (4) costs and / or factors taken into account in determining the price of benefits under the guaranteed income payments; and (5) contract limitations on the ability of participants or beneficiaries to withdraw or transfer amounts and fees or charges applicable to such withdrawals or transfer. The Commodore Spirit prospectus is available at [www.gaig.com/annuities/pages/variable-compliance-docs.aspx](http://www.gaig.com/annuities/pages/variable-compliance-docs.aspx).

TABLE 4	Annuity Options (continued)																		
<b>Benefits: Death Benefit Version 3</b>	<p><b>Death Benefit.</b> The contract includes a death benefit payable to your beneficiary if you die during the accumulation period. The death benefit amount will be reduced by any fees and charges under the contract, any applicable premium tax or other tax not previously deducted, and by the outstanding balance of any loans.</p> <p><b>Death Benefit—Version 3—Form number G801-BD(97)-3 with 2003 Death Benefit Endorsement.</b> This death benefit applies to master group contracts issued on or after June 1, 2003, and all certificates issued to participants under those particular master group contracts.</p> <p>This death benefit will be based on the greater of (1) your account value on the death benefit valuation date; (2) the total purchase payments, reduced proportionally for withdrawals, including any charges or adjustments applicable to such withdrawals; or (3) the historic high value.</p> <p>The historic high value is the lesser of (a) 200% of the total purchase payments, reduced proportionally for withdrawals, including any charges and adjustments applicable to such withdrawals; and (b) the high value, reduced proportionally for withdrawals, including any charges and adjustments applicable to such withdrawals.</p> <p>The high value is the largest account value on the fifth or any subsequent certificate anniversary, but before the death benefit valuation date and prior to age 65.</p> <ul style="list-style-type: none"> <li>• If the certificate was issued after your 60<sup>th</sup> birthday, then there is no high value or historic high value.</li> <li>• If the death benefit valuation date is before the fifth certificate anniversary, then there is no high value or historic high value.</li> </ul>																		
<b>Benefits: Settlement Options</b>	<p><b>Settlement Options.</b> AILIC will make periodic payments in any form of settlement option acceptable to it at the time of an election. The standard forms of settlement options are: (1) payments for a fixed period you select; (2) payments for as long as you live and, if you select a fixed period and you die during the fixed period, payments for the rest of the period; (3) payments for as long as you live and, if the secondary annuitant you designate survives you, 50% of the payment amount for as long as the secondary annuitant lives; and (4) payments for as long as you live.</p> <p>Periodic payments under a settlement option are affected by various factors, including length of the payment period, life expectancy of the annuitant, frequency of the payment interval, and payment form selected. Benefit payments may be calculated and paid as a variable dollar benefit, as a fixed dollar benefit, or as a combination of both.</p>																		
<b>Pricing Factors</b>	<p>The cost of your right to receive annuity benefit payments and the cost of the death benefit are included in mortality and expense risk charge of 1.25% and the administration charge of 0.15%. The mortality and expense risk charge compensates AILIC for the mortality risks it assumes because of its obligation to make annuity benefit payments and death benefit payments, and for expense risks that AILIC assumes because its actual expenses in administering the Spirit contracts and Variable Account B could exceed the amount AILIC receives through other contract fees. The administration charge offsets expenses incurred in administering the contracts and the variable account. The rates shown are annual rates.</p> <p>The 1983 Group Annuity Table with interest at 3% per year, compounded annually, is used to compute all guaranteed settlement option factors, values, and benefits under your certificate.</p>																		
<b>Fees</b>	<p>A contingent deferred sales charge (CDSC) may apply on partial or full surrenders. The charge does not apply to earnings. The CDSC is calculated separately for each purchase payment. The CDSC rate depends on how many years have elapsed since the date of receipt of the purchase payment.</p> <table border="1" data-bbox="338 1027 1503 1089"> <thead> <tr> <th>Full years elapsed</th> <th>Less than 1 year</th> <th>1 year</th> <th>2 years</th> <th>3 years</th> <th>4 years</th> <th>5 years</th> <th>6 years</th> <th>7 years or more</th> </tr> </thead> <tbody> <tr> <td>CDSC</td> <td>7%</td> <td>6%</td> <td>5%</td> <td>4%</td> <td>3%</td> <td>2%</td> <td>1%</td> <td>0%</td> </tr> </tbody> </table> <p>An annual certificate maintenance fee of \$30 applies. It is deducted from amounts allocated to the variable investment options. A transfer fee applies to each transfer in excess of 12 in any certificate year. The current transfer fee is \$25. These charges and fees may be waived under certain circumstances.</p> <p>If loans are available under your certificate and you borrow money under the loan provisions, AILIC will charge interest on the loan. AILIC currently charges 6% interest on loans. AILIC will charge a higher interest rate if the plan administrator directs AILIC to do so.</p>	Full years elapsed	Less than 1 year	1 year	2 years	3 years	4 years	5 years	6 years	7 years or more	CDSC	7%	6%	5%	4%	3%	2%	1%	0%

<b>Limitations</b>	<p><b>Limitations on Annuity Benefit Payments.</b> If the amount of any regular payment under the form of settlement option elected would be less than \$50, an alternative form of settlement option will have to be elected. Unless AILIC agrees otherwise, your annuity commencement date generally cannot be later than the certificate anniversary following your 70<sup>th</sup> birthday. A fixed period of less than five years is available only as a death benefit settlement option.</p> <p><b>Other Contract Limitations.</b> Restrictions and limitations on purchase payments, allocations, transfers, withdrawals and active trading are summarized in the chart set out below Table 3.</p>
