OVERVIEW

The Employee Retirement Income Security Act of 1974 requires plan fiduciaries to act prudently and solely in the interest of the plan's participants and beneficiaries. When a plan assigns investment responsibilities to the plan's participants and beneficiaries, plan fiduciaries must take steps to ensure that participants and beneficiaries are made aware of their rights and responsibilities with respect to managing their individual plan accounts and are provided sufficient information regarding the plan to make informed decisions about the management of their individual accounts. This information should include a description of designated investment alternatives, their performance history, and related fees and expenses.

This document provides information about the Total Group Variable Annuity Contract and the investment options available under the contract. The information in this document is intended to assist you in complying with your obligations. If you have any questions about this information or would like additional information, please contact us at 1-800-789-6771.

LEGAL DISCLAIMERS

We are providing the information in this document solely to assist you in complying with Labor Regulations Section 2550.404a-5. Annuity Investors Life Insurance Company is not a fiduciary of the plan. We are not making any representation that the information provided in this document or available at the AILIC website complies with the requirements of Labor Regulations Section 2550.404a-5. You should seek advice on how to comply with this Regulation from your legal counsel.

Annuity Investors Life Insurance Company is not an investment advisor and the information provided in this document is not investment advice. A participant or beneficiary should consult his/her investment professional for advice based on his/her personal circumstances and financial situation.

We relied on information provided by the registered investment companies (Portfolios) in which the Variable Account C subaccounts (Subaccounts) invest or on information included in the Portfolio prospectuses when we prepared the attached information and calculated the average annual total returns of the Subaccounts and the total operating expenses of the Subaccounts. We gathered the information about the benchmarks and their performance from the Portfolio prospectuses. We did not independently verify any information provided by the Portfolios or included in their prospectuses.

Part I. Performance Information: Table 1

The TotalGroup® variable annuity contract is issued by Annuity Investors Life Insurance Company® (AILIC). TotalGroup offers both variable and fixed investment options. The variable investment options are subaccounts of Annuity Investors® Variable Account C (Subaccounts). Each Subaccount is invested in shares of a registered investment company or a portfolio of a registered investment company (Portfolios).

Table 1 contains information about the performance of the Subaccounts. It shows how the Subaccounts have performed over time and allows a participant or beneficiary to compare them with an appropriate benchmark for the same time periods. Benchmarks do not reflect deductions for fees or expenses of the Subaccounts or Portfolios. Past performance does not guarantee how an investment option will perform in the future. An investment in a Subaccount could lose money.

Additional Information Available on the Great American Insurance Annuity Group Website

- Information about the Subaccounts and the fees and the expenses of the TotalGroup contract is included in its prospectus. The TotalGroup prospectus is available at www.gaiq.com/annuities/pages/variable-compliance-docs.aspx.
- Information about a Portfolio, including its objectives or goals, principal strategies and principal risks, portfolio turnover rate, and fees and expenses, is included in the Portfolio's prospectus. The Portfolio prospectuses are available at www.gaiq.com/annuities/pages/variable-compliance-docs.aspx.
- Performance information for the Subaccounts, updated on a monthly basis, is available by clicking "View Current Performance" at <http://qafri.com/publicsite/find/perfcenter.aspx?Type=variable>.

Deutsche Variable Series II - Deutsche International Growth VIP-Class A. Effective on October 1, 2017, the comparative broad-based index changed from the MSCI World Index to the MSCI All Country World ex USA Index.

Deutsche Variable Series II - Deutsche Small Mid Cap Value VIP-Class B. Prior to May 1, 2011, the fund was named DWS Small Cap Growth VIP and operated with a different objective and investment strategy. Performance would have been different if the fund's current investment strategy had been in effect.

The Dreyfus Sustainable U.S. Equity Portfolio, Inc. The fund changed its investment objective and strategy on May 1, 2017. Prior to May 1, 2017, its investment objective was to provide capital growth, with current income as a secondary goal. To pursue these goals, until May 1, 2017, the fund, under normal circumstances, invested in the common stocks of companies that, in the opinion of the fund's management, met traditional investment standards and conducted their business in a manner that contributed to the enhancement of the quality of life in America. To determine whether a company contributed to the enhancement of the quality of life in America, the fund considered the company's record in the areas of (1) protection and improvement of the environment and the proper use of natural resources, (2) occupational health and safety, (3) consumer protection and product purity, and (4) equal employment opportunity. In addition, prior to May 1, 2017, investment decisions for the fund were made by members of the Active Equity Team of Mellon Capital Management Corporation, an affiliate of Dreyfus, who managed the fund as employees of Dreyfus.

Janus Aspen Series—Janus Henderson VIT Research Portfolio. The Core Growth Index is an internally-calculated, hypothetical combination of unmanaged indices that combines total returns from the Russell 1000 Growth Index (50%) and the S&P 500 Index (50%).

Neuberger Berman Advisers Management Trust—Guardian Portfolio and Mid Cap Growth Portfolio. Returns would have been lower if the manager had not reimbursed certain expenses and/or waived a portion of the investment management fees during certain of the periods shown.

Notes for Fixed Income and Bond Subaccounts

PIMCO Variable Insurance Trust—High Yield Portfolio, Real Return Portfolio and Total Return Portfolio. The Portfolio's performance information reflects applicable fee waivers and/or expense limitations in effect during the periods presented. Absent such fee waivers and/or expense limitations, if any, performance would have been lower.

Notes for Allocation Subaccounts

Part I. Performance Information: Table 2

The TotalGroup® variable annuity contract is issued by Annuity Investors Life Insurance Company® (AILIC). TotalGroup offers both variable and fixed investment options. The fixed investment options are part of AILIC’s general account. Guarantees related to these fixed investment options are subject to AILIC’s long-term financial strength and claims-paying ability.

Table 2 contains information about the rates of return of the fixed investment options, and other information relevant to performance.

Additional Information Available By Phone

- Guaranteed minimum interest rates and current interest rates applicable to the fixed investment options are available at 1-800-789-6771.
- Information about the interest rates applicable to funds already allocated to the fixed investment options by a participant or beneficiary is also available at 1-800-789-6771.

Additional Information Available on the Great American Insurance Annuity Group Website

Information about the fixed investment options and the fees and expenses of the TotalGroup contract is included in its prospectus, which is available at www.gaig.com/annuities/pages/variable-compliance-docs.aspx.

| TABLE 2 – Fixed Return Investments | | | |
|--|----------------------------------|------|--|
| Name / Objective | Return | Term | Other |
| Fixed Accumulation Account The fixed accumulation account provides a minimum rate of return. | See explanation in Other column. | None | Amounts allocated to this account will receive a stated rate of interest equal to or greater than the minimum required under the laws of the state when and where the contract is issued. AILIC may from time to time pay a higher current interest rate for this account. The rate of return for the fixed accumulation account on January 2, 2018 was 1.00%. |

Part II. Fee and Expense Information: Table 3

Table 3 shows fee and expense information related to the TotalGroup contract. It shows the total annual operating expenses for the Subaccounts listed in Table 1. The total annual operating expenses of a Subaccount are expenses that reduce its rate of return. Total annual operating expenses of each Subaccount include: (1) the total annual operating expenses of the underlying Portfolio; (2) a mortality and expense risk charge of **0.85%**; and (3) an administration charge of **0.15%**. The fixed investment options do not incur any annual expenses.

Information about shareholder-type fees related to the TotalGroup contract is set out below Table 3. These fees are in addition to the total annual operating expenses of the Subaccounts. The Subaccounts, the Portfolios, and the fixed investment options do not charge any shareholder-type fees. A summary of restrictions and limitations that apply to purchase payments, allocations, transfers, withdrawals, and active trading is also set out below Table 3.

The cumulative effect of fees and expenses can substantially reduce the growth of retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf>. Fees and expenses are only one of many factors to consider when deciding to invest in an option. Participants and beneficiaries may also want to think about whether an investment in a particular option, along with their other investments, will help them to achieve their financial goals.

Additional Information Available on the Great American Insurance Annuity Group Website

Information about a Portfolio's fees and expenses and restrictions related to active trading are included in the Portfolio's prospectus. Information about the fees and the expenses of the TotalGroup contract and restrictions and limitations related to purchases, allocations, transfers, withdrawals and active trading is included in its prospectus. The Portfolio prospectuses and The TotalGroup prospectus is available at www.gaiq.com/annuities/pages/variable-compliance-docs.aspx.

Shareholder-Type Fees: Fees Charged Directly Against Participant's or Beneficiary's Investment

| Early Withdrawal Charge | Certificate Maintenance Fee | Transfer Fee | Interest on Loans |
|---|--|--|--|
| <p>An early withdrawal charge (EWC) may apply to withdrawals, surrender, or short-term annuitization of the participant's interest in the contract. The maximum EWC is 5% of the amount withdrawn, surrendered or annuitized. See Table 4 for more information.</p> <p>This charge may not apply under certain circumstances.</p> | <p>An annual certificate maintenance fee of \$40 applies.</p> <p>This fee may be waived under certain circumstances.</p> | <p>A transfer fee applies to each transfer in excess of 12 in any certificate year. The current transfer fee is \$25.</p> <p>This fee may be waived under certain circumstances.</p> | <p>If loans are available under the contract and the participant borrows money under the loan provisions, AILIC will charge interest on the loan. AILIC currently charges 6% interest on loans. AILIC will charge a higher interest rate if the plan administrator directs AILIC to do so. In addition, a loan origination fee of \$50 may apply to each loan.</p> |

Restrictions and Limitations

| Purchase Payments | Minimum Allocation or Transfer to and from Investment Options | Maximum Transfer from Fixed Accumulation Account | Withdrawals | Active Trading Restrictions |
|---|--|--|--|---|
| <p>Minimum initial purchase payment: \$50</p> <p>Minimum additional payment: \$50</p> <p>Maximum total purchase payment: \$1,000,000 or AILIC approval</p> <p>Purchase payments are subject to tax law and applicable employer plan restrictions.</p> | <p>To any Subaccount: \$10</p> <p>To the fixed accumulation account: \$10</p> <p>From any Subaccount: \$500 or balance if less than \$1,000</p> <p>From the fixed accumulation account: \$500 or balance if less</p> | <p>During any certificate year, 20% of value of participant's interest in this account as of his/her most recent certificate anniversary</p> <p>No transfer may be made from the fixed accumulation account before the participant's first certificate anniversary. Amounts may be transferred from the fixed accumulation account only during the 30-day period following the certificate anniversary. Amounts transferred from the fixed accumulation account may not be transferred back to the fixed accumulation account for a period of six months from the date of the original transfer.</p> | <p>Minimum: \$500</p> <p>After a withdrawal, the remaining surrender value in a participant's account must be at least \$500. Withdrawals and surrenders are subject to tax law and employer plan restrictions on withdrawals or surrenders.</p> | <p>If a participant's transfer events exceed 12 in one certificate year, AILIC will automatically require the participant to submit transfer requests via regular first-class U.S. mail and will not accept the participant's transfer requests by any other means. A Portfolio may also impose restrictions on a participant account under policies designed to deter excessive trading, short-term market timing transactions, and other abusive trading practices. Additional information about these restrictions is set out in the Portfolio prospectuses.</p> |

Part III. Annuity Information: Table 4

Table 4 focuses on the TotalGroup annuity contract. Annuities are insurance contracts that allow the participant or beneficiary to receive a guaranteed stream of payment at regular intervals, usually beginning when the participant retires and lasting for his/her entire life or a fixed period he/she selects. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Additional Information Available on the Great American Insurance Annuity Group Website

The TotalGroup prospectus includes information about: (1) its objectives or goals; (2) fees that will reduce account values; (3) guaranteed income payments, including any limitations on the right of participants or beneficiaries to receive such payments; (4) costs and / or factors taken into account in determining the price of benefits under the guaranteed income payments; and (5) contract limitations on the ability of participants or beneficiaries to withdraw or transfer amounts and fees or charges applicable to such withdrawals or transfer. The TotalGroup prospectus is available at www.gaiq.com/annuities/pages/variable-compliance-docs.aspx.

| TABLE 4 | Annuity Options |
|------------------------|--|
| Name | TotalGroup Variable Annuity Contract (TotalGroup) The interests of individual participants under a contract are evidenced by certificates of participation. In this table, “you” and “your” refer to an individual participant or beneficiary. |
| Issuer | Annuity Investors Life Insurance Company (AILIC) |
| Objective/Goal | The contract is a group deferred variable annuity. The contract is designed to be a long-term investment, to meet retirement and other long-range goals. |
| Benefits | <p><u>Annuity Benefit.</u> The contract will provide a guaranteed stream of annuity benefit payments to you at some future date. These payments will be based on your account value if annuity benefit payments are to be made for life or over a fixed period of at least ten years. Otherwise, these payments will be based on your surrender value (your account value less the early withdrawal charge that would apply upon a surrender). Both values will depend on the performance of the investment options that you choose. The annuity benefit amount will be reduced by any fees and charges under the contract, any applicable premium tax or other tax not previously deducted, and by the outstanding balance of any loans.</p> <p><u>Death Benefit.</u> The contract includes a death benefit payable to your beneficiary if you die before the annuity commencement date and before your interest in the contract is surrendered. This death benefit will be based on the greater of (1) your account value on the death benefit valuation date; or (2) the total purchase payments, reduced proportionally for withdrawals, including any charges or adjustments applicable to such withdrawals and withdrawals to pay charges. The death benefit amount will be reduced by any fees and charges under the contract, any applicable premium tax or other tax not previously deducted, and by the outstanding balance of any loans.</p> <p><u>Settlement Options.</u> AILIC will make periodic payments in any form of settlement option acceptable to it at the time of an election. The standard forms of settlement options are listed below.</p> <ul style="list-style-type: none"> • Payments for a fixed period you select. • Payments for as long as you live and, if you select a fixed period and you die during the fixed period, payments for the rest of the period. • Payments for as long as you live and, if the secondary annuitant you designate survives you, 50% of the payment amount for as long as the secondary annuitant lives. <p>Periodic payments under a settlement option are affected by various factors, including the length of the payment period, the life expectancy of the annuitant, the frequency of the payment interval, and the payment form selected. Benefit payments may be calculated and paid as a variable dollar benefit, as a fixed dollar benefit, or as a combination of both.</p> |
| Pricing Factors | <p>The cost of your right to receive annuity benefit payments and the cost of the death benefit are included in mortality and expense risk charge of 0.85% and the administration charge of 0.15%. The mortality and expense risk charge compensates AILIC for the mortality risks it assumes because of its obligation to make annuity benefit payments and death benefit payments, and for expense risks that AILIC assumes because its actual expenses in administering the TotalGroup contracts and Variable Account C could exceed the amount AILIC receives through other contract fees. The administration charge offsets expenses incurred in administering the contracts and the variable account. The rates shown are annual rates.</p> <p>The Annuity 2000 Mortality Table for blended lives (60% female / 40% male) with interest at 1% per year, compounded annually, is used to compute all guaranteed settlement option factors, values, and benefits under your certificate.</p> |
