Strength Through Specialization

The operations of Great American Insurance Group intentionally focus on specialty niche markets where we can have an advantage based on our expertise, unique products or distribution. Our group consists of highly diversified businesses offering a wide range of specialty commercial property and casualty coverages. These businesses are operated by seasoned managers with a depth of knowledge and expertise in each of our specialty lines of insurance and the markets they serve.

Each business unit has significant operating autonomy to oversee important operation functions, such as underwriting, pricing, marketing, policy process and claims service. Each, however, is subject to controls over capital allocation, financial reporting, actuarial assessments and strategic direction.

AgriBusiness®

Running a farm or ranch has always involved a lot of risks. But these days, rapid changes in the industry are raising the stakes. Advanced technologies and new environmental concerns are pushing farming and ranching in new directions. But no matter how much things change, one thing never will: AgriBusiness® is committed to keeping farmers and ranchers strong with effective insurance coverage.

We've been helping farmers and ranchers manage the uncertainties of doing business for more than 100 years. Today, we provide coverage for full-time farms, ranches and other agricultural operations in 44 states. Our farm products protect businesses that range from orchards to dairy farms to livestock operations. Our equine farm products protect equine farms, boarding stables, trainers, horse shows and many more equine type operations.

Alternative Distribution

Alternative Distribution provides commercial insurance solutions through four digital channels: 1) direct-to-customer through its platform, PolicySweet.com; 2) through its co-brandable agent interface, PolicySweet Pro; 3) through API connections with agent-owned quoting platforms; 4) through embedded offerings on other digital platforms.

PolicySweet®, an insurtech brand by Great American Insurance Group, launched in 2019. The platform offers an end-to-end digital experience for small businesses to research, shop, quote and purchase insurance in minutes. Customers who prefer online shopping can secure coverage at their convenience from a computer or mobile device any time of the day.

The PolicySweet Pro platform allows for commercial agents to track lead activity and produce quotes for clients 24/7 directly from their agency website.

Finally, our API solution can be integrated into an existing website or app to provide seamless access to small commercial insurance in one interface.

Available products include Workers' Comp, General Liability, Business Owner Policy and Micro-Business Owner Policy, all offered countrywide.

Alternative Markets

Alternative Markets has been your home for programs since 2000. We specialize in mono-line and/or multi-line primary programs on either a traditional guaranteed cost (Specialty Programs) or risk-sharing basis (Agency, Association or Group Captives). Alternative Markets focuses on niche programs.

All programs, whether risk sharing or not, benefit from a high level of exclusivity, tailored underwriting and dedicated team claims service. Lines of business supported include: Property, General Liability, Commercial Auto, Inland Marine, Businessowner's Policies, Workers' Compensation and Umbrella & Excess.

Alternative Markets supports the delegation of underwriting authority and other unbundled services such as claims and loss prevention on a program specific basis and each arrangement is subject to regular audits and oversight.

Bond

Great American entered the Surety market in 1926, bringing a history of strong performance, secure resources and a broad appetite for business opportunity to this important industry segment.

Our agents and customers rely on the expert underwriting, solid financial strength, market leadership and personal service they receive from the Bond experts at Great American. With a highly diverse product line that includes both Commercial and Contract solutions, we are one of the leading Surety companies in the United States with loss results that are well below the industry average.

While we continue to be one of the largest writers of Contract bonding, we are also a leading provider of Commercial Surety Bonds with an emphasis on Miscellaneous, License & Permit, Court, Fiduciary and Public Official Bonds.

Crop

Great American has been an innovative leader in the crop insurance industry since it issued its first crop policy in 1915. Crop provides the tools clients need in the form of specialized crop insurance coverages, which can insure their revenue stream even if elements outside their control go awry. That means even in the face of a worst-case scenario, our clients will have the income to keep their operation functioning.

We welcomed Crop Risk Services employees, agents and insureds to Great American in July 2023, further demonstrating our long-standing commitment to the crop industry.

Crop insurance products offered include the federally reinsured Multiple Peril Crop Insurance policies (MPCI) and numerous Named Peril insurance products. MPCI insures against disease, weather, and price related disasters causing crop losses on a unit basis. Named Peril programs are unique and varied. Included in our family of Named Peril products is Crop Hail, which provides spot-loss protection against damaging hail or fire.

El Aguila

Headquartered in Mexico City, El Aguila is Great American's oldest international operation, well regarded for its industry expertise and outstanding customer service. Since 1994, it has been an insurance leader offering specialized, multi-channel auto insurance in the Mexican marketplace. El Aguila auto insurance products are designed for private vehicle owners, typically over 25 years of age and/or operators of family vehicles.

Juan P. Riveroll, President of El Aguila, attributes the company's success to its strong underwriting and pricing values. "While most of our products come standard in this market, we offer specialized products that potentially lower deductibles for our insureds compared with certain products offered by our competitors." For example, El Aguila's "Coverage 100" product lowers deductibles for collision and theft incidents to 3% against their competitors' rates of 5% and 10%. In cases of total loss, an additional $700 is added to the overall value of the vehicle. Free replacement car and uninsured motorist coverages are also significant competitive advantages in a market where 3 out of 4 vehicles are not insured. This approach mirrors Great American's pricing and underwriting operating values which translates into taking products to market that are attractive and priced correctly.

Although pricing and underwriting are top priorities for Juan and his team, excellent customer service (another Great American value) is always top of mind for every employee.

The Company's name – El Aguila – whose English translation means "The Eagle," serves as a great marketing tool for the company. "The name serves as an asset for commercial and marketing purposes. In fact, eagles are the national emblem of both Mexico and the United States, so it's simple for people to remember."

Embedded Solutions

Great American Embedded Solutions helps businesses deliver relevant risk protection inside their customers' existing purchase journeys, platforms and user experiences. Embedded Solutions combines insurance expertise, practical technology enablement, product development, underwriting support and flexible distribution structures to help insureds launch embedded offerings without requiring customers to leave the experience where the need arises.

Embedded Solutions' team of specialists builds and launches new-to-Great American products that fit embedded environments, especially where insureds need a carrier that understands the channel, can be flexible on structure, and can move quickly with a lean operating model.

Products for Companies

- Customer-led distribution: The team is built to power insureds rather than compete with them directly.
- Creative product design: Embedded opportunities often require tailored structures, and Embedded Solutions builds filed products, non-admitted approaches, master policies, contractual liability products, guarantees, and modular coverage packages to meet the need of the market.
- Infrastructure-light execution: The team emphasizes the practical use of technology, leveraging existing Great American capabilities and reusable back-office capabilities rather than building a large direct-to-consumer platform.
- Tech flexibility: Embedded Solutions brings the technology our customers need to win deals – bordereau ingestion APIs, claim automation, and policy administration.

Markets Served and Products Offered

Ticket, Travel and Event

- Products and capabilities: Ticket refund and cancellation products; travel insurance; CLIP-backed cancellation waivers; vendor liability; event liability and event cancellation products.
- Representative use cases: Ticketed events, conferences, sporting events, amusement parks, hotel bookings, vendor coverage, local events and trade shows.

- Products and capabilities: Consumer shipping protection, shipment guarantees, porch piracy / in-transit damage structures, CLIPs to back service guarantees or contractual obligations, product protection plans and performance guarantees.
- Representative use cases: Marketplace shipping programs, package protection, service contracts, vertical SaaS guarantees, product protection for categories such as eyewear or electronics.

Adjacent Embedded Opportunities

- Products and capabilities: A&H or participant accident concepts, collectibles coverage, specialty guarantees and additional customer-specific risk-transfer structures.
- Representative use cases: Athletic participant registration, collectibles platforms, warranty-like or service-contract adjacencies and other customer-led embedded use cases.

Environmental

Environmental Insurance for a Full Range of Risks and Industries

Environmental offers an exclusive focus on environmental insurance solutions to a wide variety of commercial customers. Our core products and services enable businesses to effectively and efficiently manage risks that can threaten their financial security.

The experts of Environmental can uncover the hidden risks in your client's operations and develop a custom program to protect them. We offer a complete portfolio of environmental insurance products, including contractor's and fixed premises pollution liability insurance products.

Environmental liability can be highly complex, but Great American's dedicated environmental claims handling unit and nationwide network of emergency response firms, remediation contractors and environmental attorneys provide the technical expertise and responsiveness needed to provide customers with comprehensive risk management. FCIA - Trade Credit & Political Risk

FCIA underwrites and services the trade credit and political risk insurance policies of Great American Insurance Company.

Products for Companies

FCIA's Trade Credit Insurance policies protect companies against the risk of nonpayment on their accounts receivable whether caused by commercial or political risk events. Policies insure any combination of domestic and international sales of goods and services. Coverage is available for buyers in the United States and worldwide.*

Products for Financial Institutions

FCIA's Trade Credit Insurance policies protect financial institutions from nonpayment on trade finance and supply chain loans, as well as on loans secured by trade accounts receivable that are purchased or financed by the lender.

Political Risk Products

Operating in foreign countries, especially in emerging markets, can expose multinational companies to additional risks related to unpredictable foreign government acts or political events. FCIA offers an array of political risks coverage that can help protect investment in foreign countries. Coverages include named perils such as Confiscation, Expropriation and Nationalization.

*Unless prohibited under US law.

Great American Europe

Great American Europe specializes in providing specialty insurance products and in developing Affinity schemes for clients in the UK and Europe. We take pride in understanding the unique requirements of each client's business to develop bespoke insurance programs, which generate additional income streams whilst helping to protect clients and their customers.

We design and customize a broad portfolio of innovative insurance programs that can minimize risk, generate insurance revenue and build customer loyalty.

Great American Europe is comprised of:

Great American International Insurance (UK) Limited – established in the UK to write general insurance in the United Kingdom. Our teams have specialized market knowledge and the underwriting skills to develop and support customized insurance solutions in Affinity and Scheme Solutions, Accident & Health, Professional Indemnity, D&O, Construction & Engineering, Monoline Property, Surety Bonds & Guarantees, and insurance solutions for Financial Institutions, to meet the unique needs of each organization's customer base.

Great American International Insurance (EU) DAC – established in Ireland to write commercial insurance throughout the EU. We offer a range of insurance solutions across Affinity & Scheme Solutions, Accident & Health, Professional Indemnity, D&O, Surety Bonds, and insurance solutions for Financial Institutions. Our aim is to develop a bespoke offering that's right for each client.

Both insurance companies use the trading style Lease & Loan Insurance Services (LLISL) when providing insurance products to the Finance and Leasing sector such as Automatic Asset Insurance, POS Waiver programmes and Early Termination Insurance.

Innovative Markets

Innovative Markets offers differentiated and first-of-kind solutions for complex, emerging and evolving risks.

Complex, emerging and evolving risks do not have standard insurance solutions. To help clients address such risks, we seek to understand their unique challenges and what is important to them as we work together to tailor a solution.

Our customized programs include admitted or surplus lines insurance coverage combined with tailored loss control and claims services. We will consider partially delegated underwriting and claims authority, as well as producer captives.

Do you have an emerging or evolving risk? Contact David Ferron.

Examples of our innovative products and programs include:

Ecological Restoration & Conservation

Specialized, multiyear performance bonds that meet the project-specific financial assurance requirements of federal and state regulators of wetland mitigation banks and stream and nutrient buffer compensatory mitigation projects.

Unemployment Risk Solutions

A suite of liability and surety offerings for 501(c)(3) nonprofits, tribal governments and their entities, and public entities that provide customized and cost-saving risk transfer alternatives to state unemployment insurance tax systems.

Mergers & Acquisitions Liability

Mergers & Acquisitions Liability underwrites primary and excess Representations & Warranties, Tax Indemnity and Tax Credit insurance.

Our Representations & Warranties appetite is for transactions where the target company is domiciled in the United States or Canada, and where U.S. or Canadian law applies.

Our Tax appetite is for exposures under U.S. or Canadian law. We can offer a policy of up to $50 million in limits.

Representations and Warranties Insurance

In most merger and acquisition (M&A) transactions, the seller makes contractual representations and warranties regarding its business. R&W insurance protects our clients' business deals against losses arising from R&W breaches. Great American's R&W insurance offers:

- On-staff underwriting, legal, tax and accounting experts to provide highly customized coverage
- Experienced claims handling to help ensure customer satisfaction

Common risks that R&W insurance covers include errors in tax returns and/ or financial statements; unpaid taxes; employee benefit package issues; asset and equity ownership; intellectual property; and much more. Generally, submission requirements include names of the parties to the transaction, current draft of the deal agreement, most recent financial statements of the company being acquired, offering memorandum and desired coverage parameters.

Tax Indemnity Insurance

Tax Indemnity Insurance covers the risk associated with uncertain tax positions, including taxes, penalties and interest that may be incurred after or as part of a merger or acquisition. Generally, submission requirements include a legal opinion or tax memorandum addressing the uncertain tax position, a loss calculation (determination of what the potential additional tax, penalties and interest may be) and the reason that tax insurance is being requested together with associated tax returns.

Republic Indemnity

For over 50 years, Republic Indemnity has maintained its reputation as a premier California Workers' Compensation insurance carrier, demonstrating consistency, resiliency and financial stability.

Republic Indemnity is how producers, policyholders, and injured workers can overcome all the complexities of workers' comp and get a clear way forward. Too many people run into endless obstacles when navigating workers' comp. From unanswered calls to uncertainty around pricing to unresolved claims and more – it seems like there's always some issue holding you back.

Here are some of the benefits of working with Republic:

- Our dedicated underwriters are empowered to make judgements calls.
- Our claims adjusters are committed to helping injured workers get the medical care they need to help them recover and get back to work as soon as possible.
- Our loss control consultants provide employers with safety tools, resources and programs that go above and beyond standard safety content.
- Brokers and employers can manage their accounts with a full suite of online cutting-edge technology tools.

Republic Indemnity is headquartered in Calabasas, California, with offices in San Francisco and San Diego. We provide Workers' Compensation coverage for small to large-sized businesses in the western United States.

Specialty Construction

Specialty Construction provides loss-sensitive practice policies and wrap-up solutions to the construction industry focusing on workers' compensation and general liability insurance for general contractors, large trade contractors and owners.

We recognize the need for an exclusive focus on effective management for construction risks that could not only threaten the progress and completion of a construction job, but also the safety of contractors and subcontractors on the job. With our wrap-up program, we are able to provide the following country-wide:

- Uniformity of insurance coverage and limits for all enrolled contractors and subcontractors, as well as the owner or general contractor sponsoring the wrap-up.
- Comprehensive loss prevention services designed to help minimize risks and job site hazards through resources and technology innovation.
- Proactive claims handling, managed care, disability management and return to work programs.
- A dedicated team of construction service professionals focused on underwriting, risk engineering, claims administration and program management.
- Various types of projects, including Healthcare, Sports and Entertainment Arenas, Higher Education, General Building, Data Centers, Water/Sewer, Infrastructure, Manufacturing and Energy Projects.

Coverages:

- Workers' Compensation: Master policy with individual contractor policies.
- General Liability: Single policy with flexible limits and coverage based on exposures and program needs.
- Typical program retention of $250,000.
- Product-Completed Operations limit up to statute of repose.
- General Aggregate Limit that renews annually for the duration of the project.
- Per Project Limits afforded on rolling programs.
- Repair work period extension and punch list work are included in the program.
- Ability to work with other Great American divisions to provide excess liability, contractor's pollution liability and builder's risk coverages.

Specialty Equipment

From office to construction, transportation to medical, and almost every equipment category in between, Great American Specialty Equipment provides innovative, specialized solutions to serve the needs of the commercial equipment industry.

It's estimated that U.S. businesses, nonprofits and government agencies invest nearly $2 trillion annually in equipment and software. Specialty Equipment insures more than $6 billion of that and counting.

Our specialty lies in an embedded approach that leverages technology and service capabilities to make transactions faster, easier and more profitable. We have been a market leader in commercial equipment lease insurance for over 40 years, building strong relationships with some of the largest banks, independent and manufacturer captive finance companies. We go beyond underwriting and claims to provide services, technology and platform integrations, call center operations and alternative risk structures.

We actively seek agency programs where our innovative technology and service can be combined with the agent's capabilities to provide exceptional coverage and support. Our focus includes programs in agriculture, transportation and construction. We explore new markets for the next generation of embedded insurance products, aiming to streamline finance transactions by reducing friction.

Regardless of distribution, delivering speed, ease and trust is paramount for customers. Specialty Equipment's insurance programs provide important protection to keep businesses running smoothly across the United States and Canada.

Our suite of customizable protection programs for commercial equipment and vehicles includes:

- Lease Insurance
- Rental Insurance
- Point of Sale Insurance
- Contingent & Excess Liability Insurance
- Residual Value Insurance
- Stipulated Loss Value Gap Insurance
- Insurance Tracking and Verification Services
- Machine Tool Operator Error

Specialty Human Services

Since 1980, Specialty Human Services (SHS) has managed Great American's insurance program for social service agencies and non-profit organizations.

Our comprehensive coverage can include an inclusive Package policy (with General Liability, Professional Liability, Abuse and Molestation and Property), Commercial Auto and Umbrella.

Policyholders access our products and services primarily through appointed retail agents who specialize in nonprofit and human service organizations. SHS also supports alternative distribution through specialized program solutions including risk purchasing groups (RPGs), franchise programs, and captives.

SHS offers Blanket Special Risk Accident & Health (A&H) coverage, for students, participants and volunteers. A&H aligns with our package product for comprehensive coverage but can be written on a monoline basis. Appointed A&H agents can quote and bind policies through the A&H portal.

SHS's Claims, Risk Management, Underwriting and Marketing teams work hand-in-hand to offer unmatched service to organizations nationwide.

Strategic Comp

Strategic Comp gives businesses more control over their costs, risks and outcomes than ever before. With nationwide service capabilities, our Paid Loss Aggregate Deductible program welcomes accounts with excellent loss experience as well as those with poor loss history and high e-mods. Here's how we make it work for everyone:

- **Change the model** – Strategic Comp's unique aggregate deductible program helps insureds achieve better outcomes and lets them pocket any extra savings that result. Our deductible program caps their risk and does not require stacked security.
- **Cut the risks** – Our loss control experts will identify clear, practical ways that insureds can reduce their workplace incidents and provide hands-on help with implementing those changes.
- **Control the claims** – All Strategic Comp insureds get highly engaged, local field adjusters with low caseloads. Our field adjusters average 60 open claims.

We seek to provide a long-term solution to companies' workers' compensation needs. Let's make this work for everyone.

This Directory does not make any representation that coverage does or does not exist for any particular claim or loss, or type of claim or loss, under any such policy. Whether coverage exists or does not exist for any particular claim or loss under any such policy depends on the facts and circumstances involved in the claim or loss and all applicable policy wording. The precise coverage afforded is subject to the terms, conditions, limits and exclusions of the policies as issued and may vary from the general, summarized coverage descriptions in this Directory. Refer to the actual policy for a full description of applicable terms, conditions, limits and exclusions. In the event of a discrepancy between the descriptions in the Directory and the insurance policy, the insurance policy shall control.

Disclaimer applicable to multi-peril crop insurance products: Great American Insurance Company and Great American Assurance Company are equal opportunity providers. In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices and employees and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.
