

SITE SPECIFIC POLLUTION LIABILITY AND GENERAL LIABILITY PROGRAM

Program Highlights

Align's combined site specific pollution liability and general liability coverage can be offered on a monoline basis for site specific pollution or on a package basis with an ISO-based CGL coverage for select classes.

The program can provide coverage for:

- Clean-up costs arising from pollution conditions on, at, under, or migrating from a covered location;
- Pollution conditions on at, under, or migrating from a non-owned disposal site;
- Pollution conditions arising from the insured's goods, products, or waste during the course of transportation.
- Coverage for mold is included in the definition of a pollution condition.
