Expertise and Experience Making a Difference

Great American Insurance Group's roots go back to 1872 with the founding of its flagship company, Great American Insurance Company. Based in Cincinnati, Ohio, the operations of Great American Insurance Group are engaged primarily in property and casualty insurance, focusing on specialty commercial products for businesses, and in the sale of traditional fixed and fixed-indexed annuities.

Within the Environmental Division, we recognized the need for an exclusive focus on effective management of environmental risks that could threaten the financial security of the businesses we serve. Our division follows the same business model that structures every division at Great American: deep expertise within a specific niche of the insurance industry. This 'strength of specialization' has enabled our company to grow into an industry leader.

Great American's Environmental Division offers an exclusive focus on environmental insurance solutions to a wide variety of commercial customers. Our core products and services enable businesses to effectively and efficiently manage risks that can threaten financial security.

Products

- Premises Environmental Liability

What Sets Us Apart?

- The Environmental Division is staffed by a motivated group of insurance professionals, expert in underwriting, risk management and claims resolution, working together and committed to service excellence.
- Great American's financial strength and stability support a long-term commitment to the environmental sector.
- Great American offers a comprehensive portfolio of customized products that address the exposures unique to this sector and we understand them well. We have the ability to offer manuscript policy forms to meet specific client needs as well as offer admitted paper via deregulation and large risk exemption. We can provide coverage for pollution conditions excess of indemnities as well as for "credit risk" liabilities such as fronted policies, Closure/Post-Closure, and lender liability policies.
- The entrepreneurial culture within Great American empowers our insurance professionals to move quickly and surely in the event of a crisis. The Environmental Division is also supported by a national network of consultants and remediation contactors able to respond 24/7/365 to emergency situations.
- Our underwriting capacity is \$50 million per loss/\$100 million policy aggregate for our complete pollution product line. You can look to us to insure larger risks without using multiple carriers.
- We are an approved insurance provider for Massachusetts Brownfields Access to Capital and Ohio EPA Voluntary Action Program.
