

STOPit™ Insurance Solutions

Bullying is likely one of the largest risk management issues your school clients face. According to the 2016 National Center for Educational Statistics, **more than one out of every five students report being bullied in their schools.**

To help your school clients manage this risk, Great American's Executive Liability Division is proud to work with STOPit, a mobile app that provides a safe, anonymous way for students to report bullying and other inappropriate conduct. Through this strategic collaboration, Great American is proud to introduce STOPit to your clients (included with a policy).
