

Financial Assurance for Conservation and Ecological Restoration

Bonding and Insurance

Specialization

We underwrite conservation and ecological restoration and activities including:

Stream & River

Restoration, rehabilitation, or reclamation of streams and rivers to a pre-disturbed state

Riparian Restoration

Stream bank planting and erosion control to improve nutrient absorption and improve water quality

Wetland Restoration

Restoration, rehabilitation, or recreation of wetland hydrology and habitat

Habitat Restoration

Activities on protected lands that preserve genetic diversity, prevent species extinction, and support recovery of endangered species

Native Species Planting

Planting native species to improve and preserve diverse habitat

Invasive Species Removal and Control

Managing invasive species to preserve natural habitat

The Great American Advantage

- Multi-year bonds and insurance policies that accommodate reduction schedules (only reduce upon written approval of regulators) and ensure compliance over the life of banks with predictable costs.
- Offer both bonds and insurance policies to cover all forms of mitigation projects: Banks, PRM, ILF and Construction Contractor bonds.
- Able to meet peripheral project bonding needs (e.g., sediment & Erosion, easement encroachment, landowner easement payment).
- Forms approved in 20 USACE districts within 22 states.
- Adopted FL DEP-mandated Bond forms for both Construction & Implementation and Perpetual Management, freeing capital to back PM endowments.

Team with more than **35 years** of combined experience in conservation, land management, restoration and related financial assurance.

- Adaptable forms to comply with agency-mandated language nationwide, across multiple jurisdictions with flexibility and knowledge to keep pace with shifting regulatory environments.
- Streamlined underwriting with typical quote turnaround time with 24-48 hours of completed application.
- Typical annualized rates between 1-2% of limits.
