

Noncombustible-Nontoxic Mineral Absorbent Compound Keep Floors Clean and Safe

Prevent fires—keep fires safe, clean and dry:

The use of sawdust, or other combustible materials, to absorb oil or flammable liquid spills is a serious fire hazard. Noncombustible mineral absorbent compound will eliminate the hazard and do the job safely and effectively.

Order this material from your local distributor and eliminate fire hazards and slippery floor conditions.

Contact your local Great American Loss Prevention Specialist for additional information.

Noncombustible mineral absorbent compound will eliminate the hazard and do the job safely and effectively.

The loss prevention information and advice presented in this brochure are intended only to advise our insureds and their managers of a variety of methods and strategies based on generally accepted safe practices, for controlling potentially loss producing situations commonly occurring in business premises and/or operations. They are not intended to warrant that all potential hazards or conditions have been evaluated or can be controlled. They are not intended as an offer to write insurance coverage for such conditions or exposures, or to simply that Great American Insurance Company will write such coverage. The liability of Great American Insurance Company is limited to the specific terms, limits and conditions of the insurance policies issued. 301 E. Fourth Street, Cincinnati, OH 45202 F13491B-LP (01/13)
