**At Great American Specialty E&S, we can help you find potential product risks that could cause bodily injury or property damage. Take a look at the lurking dangers throughout the departments in Risk Mart – are your customers protected?**

**1** **Cosmetics**  
Eye shadow caused a young woman's face to break out in an itchy rash.

**2** **Toys**  
The blade on a remote control airplane cut a boy's eye.

**3** **Home Goods**  
A coffee maker leaked, causing water damage to a home.

**4** **Home Health Aids**  
Pain relief ointment caused a rash to break out on a woman's arm after she applied it to a cut.

**5** **Baby Products**  
A hinge on a collapsible stroller trapped and cut a toddler's finger.

**6** **Lawn & Garden**  
After her new lawnmower jammed, the owner tried clearing it and severed two of her fingers in the process.

**7** **Cleaning Products**  
Rug cleaner used after a grape juice spill removed the stain but discolored the carpet.

**8** **Auto Parts**  
Contaminated motor oil clogged a car engine, causing performance issues.

**9** **Electronics**  
A phone caught fire while on its charger as a result of a power surge.

**10** **Sporting Goods**  
A bike fork broke, causing a rider to fall off their bike, which resulted in a brain injury.

**11** **Hardware**  
A chainsaw malfunctioned, causing a homeowner to seriously cut his arm while cutting down a tree.

**12** **Furniture**  
A chair broke when a guest sat on it, causing her to suffer a back injury.

These are just a few of the many scenarios that may lead to a products claim. For more information, contact your Great American Specialty E&S underwriter today!
