

# Pollution Liability Coverage for Underground Storage Tanks

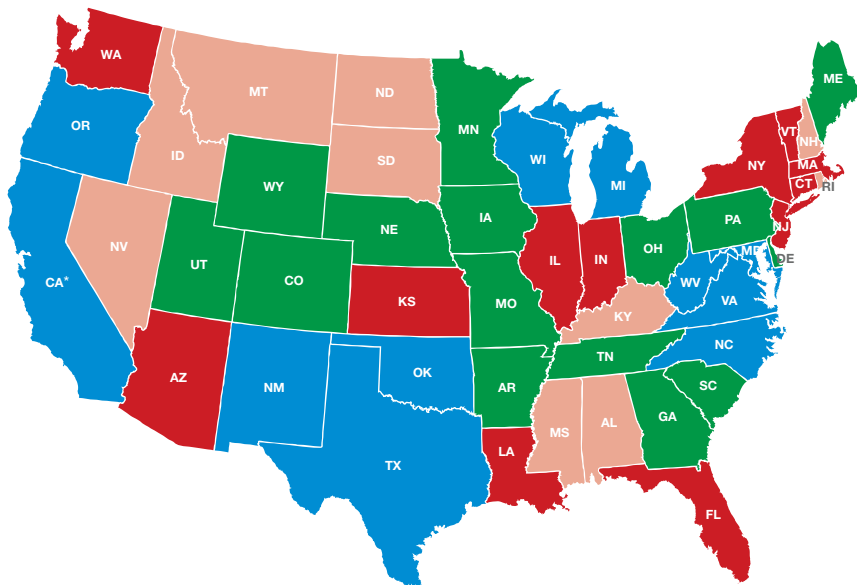

## Guidelines:

- Claims-made policy
- Limits up to \$1 million per pollution incident and \$2 million annual aggregate
  - Aggregate Limits per Site available
- Both UST (underground storage tanks) and AST (above-ground storage tanks) are eligible, including waste oil tanks
- Eligible tanks: 0-44 years old however, for new business risks with tanks aged 31 years and older, the coverage may be offered on non-admitted paper.
- Updated/upgraded tanks may be eligible for credits
  - Upgraded tanks include new linings, self-contained systems, co-structural updates and/or new piping and ancillary systems
- Coverage is tank specific, not location, meaning specified tanks are insured at a scheduled location (facility)
- Retroactive dates will be location (facility) specific.
- Deductible options: \$5,000, \$10,000, \$25,000
- Deductible will be location (facility) specific
- Optional coverage for repair or replacement of tanks, subject to a \$25,000 limit, is available (a covered pollution incident must occur to activate this option)
- Extended reporting periods of 1, 2, or 3 years are available
- Refer to you underwriter for risks that include locations within 5 miles from a coastline. Testing documentation/requirements may vary.
- Retroactive dates are limited to inception for locations with open/active Leaking Petroleum Storage Tanks.
