GREATAMERICAN

INSURANCE GROUP

Professional Liability

Isaac joins us from a large national insurance carrier and has over 19 years of underwriting experience for design professionals. He is looking forward to sharing his expertise and seeing Great American continue to grow their primary and excess professional liability offerings.

Isaac, alongside his wife, Theresa, live just outside of Baltimore and spend their spare time being avid fans of their two teenagers' various sports teams. He also has been keeping busy doing extensive renovations to both the inside and outside of his home.

Here are some fun facts about me!

- 1

I'm currently constructing my home office. It's certainly a fast-track project that should be completed soon!
- 2

I'm a big fan of Baltimore football and baseball. I'm looking forward to attending a championship parade in the next few years.
