GREAT AMERICAN
INSURANCE GROUP

A Company You Can Count On

For more than 40 years, Great American Insurance Group has provided insurance solutions to the human and social service marketplace. We were one of the first insurance companies to recognize the special needs of these organizations. Over the years, we have expanded our coverage and services to ensure we are experts who can meet the evolving needs of this marketplace.

Our GREAT beginnings

In 1872, accidents and natural disasters meant the end for many businesses. When a need for insurance met a few ambitious German immigrants, our company was born. The first customer? A rubber comb factory. Within a few years, we became known for paying claims in a timely manner. In fact, after the 1906 San Francisco earthquake, we paid out more than \$2 million in claims, even to policyholders who didn't have viable coverage.

Nearly 150 years later, we continue to protect specialized businesses in more than 30 niche industries. And, we continue to be recognized for financial stability. Our lead company, Great American Insurance Company, has received an "A" rating or higher from AM Best for more than 110 years. From that rubber comb factory to today, companies turn to us when they need someone who knows their space, shares their priorities and has the freedom to do what's right.

Why you need coverage: claims scenarios

The following demonstrate real-world situations where Great American could protect organizations like yours.

Auto coverage

A theater company's employee rented a vehicle to transport theater equipment. While on the trip, the driver was involved in an accident. The resulting loss included both vehicle damage and liability after determining the driver was at fault. Proactively, the theater company's agent had added Hired Auto Physical Damage and Employee-Hired Auto to protect against these types of exposures, which are unique to a theater.

Inland Marine coverage

During an off-premises exhibit, a museum employee locked several valuable relics in a truck overnight. When the employee returned, the relics were missing. After authorities determined the items were stolen, the museum felt some comfort knowing that its valuables were properly appraised and added as a special floater to its policy.

Property coverage

One morning, the manager of a historic preservation organization came in early, only to find the front sign had been vandalized. Quickly, she checked her Great American policy because she remembered it's unique Signature Property Broadening Endorsement provided up to \$50,000 for signs.

Prevent loss before it happens

One of the best services we can provide is working with you to prevent a loss before it happens. *Claims cost money.* They also take a personal and professional toll that can add up to missed opportunities, lost hours and pain and suffering.

To help prevent a claim, you can work with our Safety Professionals. They start by working with you to evaluate your property, premises and facilities. Then, they develop plans and educational programs to address issues such as driver safety, bullying, volunteer training and employee safety.

Beyond Great American's dedicated loss prevention services, we also offer these valued benefits:

- **Background Checks** – To help you make smart hiring decisions, we offer savings on IntelliCorp® services. IntelliCorp's criminal history database provides critical information, while maintaining privacy.
- **Driver Monitoring** – You may have employees or volunteers driving on your organization's behalf. With SafetyFirst™, you can monitor your drivers and identify those who are taking risks while driving, before they are involved in a collision.
- **Specialized Nonprofit Risk Management** – To help you develop safety plans and policies, as well as other risk management solutions, we've formed a relationship with the Nonprofit Risk Management Center. With more than 25 years of experience, the center provides counsel on issues such as employment practices, governance, fraud prevention and legal risk.
- **Virtual Learning** – To help you stay up-to-date on emerging risks, improve safety and reduce losses, we offer interactive training courses geared specifically to your organization.

How these services can help your organization

The following scenarios demonstrate real-world cases where our value-added services could help reduce your organization's risk.

With the *Nonprofit Risk Management Center*, a ballet school developed an anti-bullying policy, which helped mitigate the number of bullying instances.

A cultural center developed a weekly children's program. Through *IntelliCorp*, they were able to save on the cost of their background checks, mitigating risk without breaking their budget.

Outstanding coverage for arts & cultural organizations, including:

- Art galleries
- Ballets
- Choral groups
- Cultural centers
- Dance, drama and performing art schools
- Historic preservation organizations
- Museums
- Operas and symphonies
- Planetariums
