Why You Need Coverage – A Claim Scenario

Abuse or Molestation coverage

During a group activity, a counselor noticed that an eight-year-old boy was verbally assaulting another. The counselor took immediate action to separate the children and reported the incident in accordance with the organization’s abuse reporting policy. The verbally assaulted child’s parents later sued the organization and named the counselor responsible for the mental distress their child experienced. The organization’s agent was well versed on Great American’s abuse coverage and felt confident in the policy’s ability to provide protection for any actual, threatened or alleged act. The agent knew the policy covered both employee-on-client abuse and client-on-client abuse, and addressed sexual, physical and verbal abuse.

The Numbers Tell the Story

There are over 3,000 property and casualty insurance companies in the United States. Only 50 are included on the Ward’s 50 List for safety, consistency and performance. Only 5 have been rated “A” or better by A.M. Best for over 100 years. Only 2 are on both lists. Great American Insurance Company is 1 of the two.
