

Transportation Solutions Group: A collaboration you can count on.

The Great American and National Interstate Transportation Solutions Group provides an end to end insurance solution for Company Owned Truck Fleets and Owner Operator Truck Fleets.

Agent Benefits

An experienced team you can trust.

You can be confident that Great American and National Interstate can handle anything from standard trucking risks to the most complex and customized accounts for Company Owned Fleets and Leased Owner Operators.

The trucking specialists in our organizations are familiar faces that you can trust, who provide comprehensive and quality coverage and help solve challenges.

An opportunity to increase revenue.

The Transportation Solutions Group provides an easy cross-sell opportunity with your present customers. With an already established relationship, this is a practical way to offer other types of coverage, available through this collaboration, to benefit the client.

Motor Carrier Benefits

Comprehensive offerings.

Motor carriers can choose from an expanded set of options – First Dollar to Captive and everything in between.

A simplified claims process.

The collaborative efforts of our claims organizations take the noise out of claims and allows motor carriers to focus on their business – Trucking.

We're stronger together.

You work hard to build your business; you want to know the company you recommend is financially strong.

For decades, Great American Insurance Company and National Interstate have been rated “A” (Excellent) or better by AM Best, so you can feel confident your business and your client’s policy is secure.
