# Occupational Accident Plans and Coverages

Occupational Accident covers the Independent Contractor for injuries that occur on the job. It includes medical, disability, death and dismemberment benefits. Our policies offer a wide range of limits. We also offer Passenger Accident and Non-Occupational coverages on select plans.

Great American's Occupational Accident coverage offers two distinct advantages for Independent Contractors. First, the underwriting and issuance is simplified by the ability to bundle Occupational Accident with other coverages. Secondly, we offer this product for a range of account sizes and programs.

Customize coverages with a variety of options available to provide even more protection: occupational disease, hernia, occupational cumulative trauma, emergency evacuation and more.

As a policyholder, our Independent Contractors have access to the following services:

## **Medical Provider Referrals:**

Great American offers assistance in designing a customized PPO network to support the medical care needs of our Independent Contractors and their families. We work with various national, regional and local networks to provide access to credentialed medical providers to help our policyholders optimize the quality of their medical care and minimize its cost.
